Note to Reviewers

AWR-912: Chemical Sector Security Awareness Training  
Course Overview

## Course Assessment

As you progress through the course, you will complete several Knowledge Checks. These are multiple choice questions designed to assess your understanding of the course content.

You will get one chance to answer each Knowledge Check.

The Knowledge Checks are graded, and a minimum cumulative score of 70% is required to pass this course.

Now that you have an understanding of the course, let's get started with lesson 1.
