THE NECP
National Emergency Communications Plan

6 Strategic Goals

Vision:

To enable the Nation's emergency response community to communicate and share information securely across communications technologies in real time, including all levels of government, jurisdictions, disciplines, organizations, and citizens impacted by any threats or hazards event

Goal 1:
Governance and Leadership

Develop and maintain effective emergency communications governance and leadership across the Emergency Communications Ecosystem

Goal 2:
Planning and Procedures

Develop and update comprehensive emergency communications plans and procedures that address the evolution of risks, capabilities, and technologies across the Emergency Communications Ecosystem

Goal 3:
Training, Exercises, & Evaluation

Develop and deliver training, exercise, and evaluation programs that enhance knowledge and target gaps in all available emergency communications technologies

Goal 4:
Communications Coordination

Improve effective coordination of available operable and interoperable public safety communications capabilities for incidents and planned events

Goal 5:
Technology and Infrastructure

Improve lifecycle management of the systems and equipment that enable emergency responders and public safety officials to share information efficiently and securely

Goal 6:
Cybersecurity

Strengthen the cybersecurity posture of the Emergency Communications Ecosystem
