Critical Infrastructure Partnership Advisory Council (CIPAC)

Cross Sector
Control Systems Working Group
Supply Chain Subgroup

Agenda
Thursday, January 14, 2021
2:00 p.m. – 3:30 p.m.

2:00 p.m.   **Welcome and CIPAC Open** – Compliance Liaison Official

SolarWinds

Project Updates and Discussion
- **Project 1.1/2.2 - Examine and research validation tools for possible utilization and expand current programs**
- **Project 1.2/2.3 - Develop and publish a complete inventory of what is in Control Systems (CS) infrastructure, a taxonomy to describe all the components in the CS supply chain**
- **Project 1.3/2.4 - Outline lifecycle roadmaps for the CS supply chain**
- **Project 1.4 - Identify the 50 most common CS components across the community and run them thorough government test beds to check for untended activities and create a large government database for information sharing**
- **Project 2.1 - Update government procurement language to address supply chain risks and serve as a model to set new norms for contract language across the CS community**

Software Assurance Presentation

3:30 p.m.   **CIPAC Close** – Compliance Liaison Official
